

LSEG Academia offers expert-led instruction combined with live sessions focused on LSEG solutions, designed specifically to support academic learning and research. Courses are organized to help students, educators, and researchers easily find content most relevant to their academic focus.

For the month of November

Introductory

[Getting Started with LSEG Workspace for Students* \(EN WebEx\)](#)

10-Nov-2025 02:00 PM SGT by Genalyn Baal

19-Nov-2025 02:00 PM SGT by Genalyn Baal

26-Nov-2025 02:00 PM SGT by Genalyn Baal

Learn how to navigate LSEG Workspace to find key information quickly and easily.

[Getting Started with LSEG Workspace* \(EN Webex\)](#)

04-Nov-2025 06:00 PM SGT by Richard Abundo

07-Nov-2025 04:00 PM SGT by Albert Mabilangan

24-Nov-2025 01:00 PM SGT by Daniel Angelo Violago

Learn the fundamentals of navigating through LSEG Workspace, LSEG's new flagship solution that is highly customisable and client-centric desktop platform.

Datastream Focus

[Create Customized Styles with Datastream for Reports and Presentations \(EN WebEx\)](#)

18-Nov-2025 06:00 PM SGT by Sacha Jingree

Learn how to build customized styles using LSEG Datastream Charting. Using Custom Styles will help with the creation of charts using the same settings (font, colors, and more) required for publishing charts.

[Explore Unique Content with Datastream* \(EN WebEx\)](#)

25-Nov-2025 06:00 PM SGT by Sacha Jingree

Learn how to utilize I/B/E/S Index Aggregates' ratios, estimates and comparative data, Reuters Polls and historical, and Economic Point in Time Data.

[Utilize Functions and Expressions in Datastream to create customized analysis \(EN WebEx\)](#)

26-Nov-2025 05:30 PM SGT by Sacha Jingree

Functions and Expressions allow the easy manipulation of content to help test ideas and construct themes. This session will show you how to look up and use functions (such as percentage change and moving average) as well as saving them as expressions if you wish to use them frequently.

Continuous Learning

[Bond Series Part 1: Bond Fundamentals* \(EN WebEx\)](#)

04-Nov-2025 11:00 AM SGT by Wilson Teo

This course aims to cover the key aspects of bond instruments and will provide you with foundational knowledge to help utilise LSEG Workspace for pricing and evaluating bonds.

[Bond Series Part 2: Bonds in LSEG Workspace* \(EN WebEx\)](#)

04-Nov-2025 11:30 AM SGT by Wilson Teo

This course will introduce you to applications used for pricing and evaluating bonds in LSEG Workspace

[Rare Earths Supply Chains: Industrial Strategies, Challenges, and Market Implications* \(EN WebEx\)](#)

12-Nov-2025 11:00 AM SGT by Wilson Teo

Examine the evolving landscape of rare earths supply chains, comparing different industrial strategies and their impact on global markets. Participants will review approaches taken by major economies to secure rare earths, including centralized planning, public-private partnerships, and international collaboration. The session highlights challenges such as scale, cost, environmental standards, and technological gaps, as well as evidence-based strategies for diversification and resilience. Real-world case studies will illustrate the practical effects of supply chain developments on sectors like technology, energy, and manufacturing. LSEG Workspace will be used to monitor and analyze relevant economic and financial instruments.

[How to leverage Workspace Excel in data retrieving and access \(EN WebEx\)](#)

14-Nov-2025 04:00 PM SGT by Albert Mabilangan

Introduction to Excel add-in capabilities to access extensive data for Workspace users.

[Humanoid Robotics: Market Trends, Public Perceptions, and Sector Implications* \(EN WebEx\)](#)

17-Nov-2025 11:00 AM SGT by Wilson Teo

Explore the rapid evolution of humanoid robotics, focusing on market trends, public perceptions, and sector impacts. Understand drivers of adoption, including technological breakthroughs, investment flows, and regulatory developments. The session highlights comparative analysis of public sentiment toward AI and robotics, as well as the opportunities and challenges facing industries such as manufacturing, healthcare, and consumer services. Real-world case studies will illustrate the practical effects of humanoid robotics on business models and workforce dynamics. LSEG Workspace will be used to monitor and analyse relevant economic and financial instruments.

[Economic Growth Breakthrough with Supercomputing, Super Nation, Super AI* \(EN WebEx\)](#)

17-Nov-2025 11:30 AM SGT by Wilson Teo

This webinar explores the growing intersection of supercomputing and advanced AI. As nations invest in ultra-fast computing and intelligent systems, these technologies are poised to influence economic development, and national strategies. The session will examine both the opportunities and challenges presented by this convergence, offering a nuanced look at its potential to reshape innovation, governance, and global competitiveness.

[Mental Wellness Innovation: Market Trends & Investment Outlook* \(EN WebEx\)](#)

19-Nov-2025 11:00 AM SGT by Wilson Teo

Explore the evolving mental wellness sector through the lens of investment opportunity. Participants will review high-growth segments such as digital mental health, AI-powered support, preventive wellness, and neurotechnology. The session highlights key challenges and opportunities in access, efficacy, and regulation, with real-world examples from both public companies and startups. Attendees will gain insights into market dynamics, investment considerations, and the importance of clinical outcomes and user trust. LSEG Workspace will be used to monitor and analyse relevant economics and equities in the mental wellness sector.

[The Psychology of Money: Behavioral Insights for Financial Wellbeing* \(EN WebEx\)](#)

24-Nov-2025 11:00 AM SGT by Wilson Teo

Understand the key lessons from Morgan Housel's The Psychology of Money, focusing on how human behavior shapes financial outcomes more than technical expertise. Participants will review timeless principles such as the power of compounding, the importance of patience and discipline, and the role of luck and risk in wealth-building. The session highlights practical strategies for saving, investing, and managing financial decisions in uncertain environments. Real-world examples and cultural perspectives from Asia will be discussed to illustrate the universal relevance of these insights. LSEG Workspace will be used to monitor and analyse trends in personal finance and investment behavior.

Drop-in Session

[04-Nov-2025](#) 3:00 PM SGT by Genalyn Baal

[13-Nov-2025](#) 10:00 AM SGT by Genalyn Baal

[11-Nov-2025](#) 3:00 PM SGT by Genalyn Baal

[20-Nov-2025](#) 10:00 AM SGT by Genalyn Baal

[18-Nov-2025](#) 3:00 PM SGT by Genalyn Baal

[27-Nov-2025](#) 10:00 AM SGT by Genalyn Baal

No registration needed! Join any time during the session to learn, ask questions or just listen in, and drop off any time. The first half of the session will focus on an introduction to the basics of Workspace, followed by a dedicated Q&A segment in the second half.
