Wiley Webinar Session 2:

Role of Artificial Intelligence in Peer Review

Friday, September 20, 2024 | 4:00 PM - 5:00 PM IST

[Register Now](#)

Artificial Intelligence (AI) is changing the publishing industry, but how will it impact the peer review process? This session explores whether AI will actually be successful in taking complete command of the peer review process. Highlights include:

- AI and peer review
- Recent developments and how different publishing houses are making the best use of AI
- Future progress, implications on research and the publishing sector

Speaker: Dr. Tulika Banerjee

Dr. Tulika Banerjee is currently working as Associate Editor, Peer Review Desk, Wiley and has been associated since 21st Sep. 2021. Before joining Wiley, she was teaching in the capacity of Assistant Professor, SGTB Khalsa College and Department of Anthropology, University of Delhi from 2015 – 2021 in Forensic Science.
